

ANNA SOFIE VYLKA RAVNA

Date of Birth: December 27, 2002

Address: Kingos gate 18, 0457 Oslo

Phone: 41394030

Email: ansvravna@gmail.com

Experience

June 17 - August 9, 2024

Summer Student/Temporary Worker (Development and Operational Duty), Statnett SF, Sunndalsøra

During my tenure at Statnett, I was responsible for assisting the monitoring center by being continuously available on the phone and addressing requests and questions from technicians and maintenance personnel of the power grid. The programs we utilized included Microsoft Excel, Stanley Security Solutions Manager, Lenel OnGuard, and Milestone Systems XProtect.

In addition to being on operational duty for the monitoring center, I was tasked with developing an application that provided an overview of all types of alarms that were triggered within Statnett's infrastructure. This application was an extension of previous summer students' work and was programmed in Visual Studio 2022 and SQL Server Management Studio, using SQL and C#.

Service Jobs: 2021 - 2023

Store Employee (Joker Stonglandseidet, Senja), Waitress (Maskinverkstedet, Tromsø), Festival Crew (Slottsfjellfestivalen, Tønsberg)

During these part-time positions, I learned a great deal about teamwork, practicing excellent customer service, and handling stress. I honed skills in effective communication, cross-group collaboration, and maintaining a service-oriented mindset.

July 2021 - August 2021

Waitress, Langhuset Restaurant, Nyken Resort, Vesterålen

At Nyken Resort, I learned to work under stress in a newly established bar, restaurant, and art exhibition, all combined under one roof. I worked long hours with unpredictable schedules. Essential skills developed here included customer service, communication, and efficiency.

November 2019 - December 2021

Various Part-time Jobs: Martial Arts Trainer, Waitress, XC-Skiing Trainer (Volunteer), Tromsø

As a trainer for children and youth in cross-country skiing and in martial arts, I was responsible for planning and organizing training sessions 1-2 times a week. Through these activities, I learned to understand and empathize with children and their needs, cooperate with them, and communicate clearly and effectively.

Education

August 2023 - Present

Bachelor's degree in informatics - Design, Usability, and Interaction, University of Oslo

August 2018 - June 2023

Realfagskompetanse, Norges Toppidrettsgymnas & Kongsbakken Upper Secondary School

Obtained specialized qualifications with a focus on sports (cross-country skiing) for 1.5 years, in addition to general academic qualifications.
